WRITTEN INSTRUMENTS AND SECURITIES

Sections:

11.16.010 False Signing.

11.16.020 Computer Trespass - Computer Password Disclosure.

11.16.010 False Signing.

False signing of petition is the affixing of any fictitious or unauthorized signature to any petition, memorial or remonstrance, intended to be presented to the City Council or any agency or officer of the City. (KSA 21-3823)

(History: Ord. POC-625 ' 48, 72; POC-598 ' 43, 70)

11.16.020 Computer Trespass - Computer Password Disclosure.

A. As used in this section:

1. "Access" means to instruct, communicate with, store data in, retrieve data from, or otherwise make use of any resources of a computer, computer system or computer network.
2. "Computer" means an electronic device which performs work using programmed instruction and which has one or more of the capabilities of storage, logic, arithmetic or communication and includes all input, output, processing, storage, software or communication facilities which are connected or related to such a device in a system or network.
3. "Computer Network" means the interconnection of communication lines, including microwave or other means of electronic communication, with a computer through remote terminals, or a complex consisting of two or more interconnected computers.
4. "Computer Program" means a series of instructions or statements in a form acceptable to a computer which permits the functioning of a computer system in a manner designed to provide appropriate products from such computer system.
5. "Computer Software" means computer programs, procedures and associated documentation concerned with the operation of a computer system.
6. "Computer System" means a set of related computer equipment or devices and computer software which may be connected or unconnected.
7. "Financial instrument" means any check, draft, money order, certificate of deposit, letter of credit, bill of exchange, credit card, debit card or marketable security.
8. "Property" includes, but is not limited to, financial instruments, information, electronically produced or stored data, supporting documentation and computer software in either machine or human readable form.

Chapter 11.16

9. "Services" include, but are not limited to, computer time, data processing and storage functions and other uses of a computer, computer system or computer network to perform useful work.
 10. "Supporting Documentation" includes, but is not limited to, all documentation used in the construction, classification, implementation, use or modification of computer software, computer programs or data.
- B. "Computer Password Disclosure" is the unauthorized and intentional disclosure of a number, code, password or other means of access to a computer or computer network.
- C. "Computer Trespass" is intentionally, and without authorization accessing or attempting to access any computer, computer system, computer network or computer software, program, documentation, data or property contained in any computer, computer system or computer network. (K.S.A. 21-3755, as amended)

Computer password disclosure is a Class A violation. Computer trespass is a Class A violation.
(History: Ord. POC-2055 ' 2, 97)
