MANAGING THE USE AND OCCUPANCY OF PUBLIC RIGHT-OF-WAY FOR THE CITY OF OVERLAND PARK, KANSAS

13.12.305 General.

No Person shall Excavate the Right-of-way, Construct, or use the Facilities within the Right-of-way of the City except as provided herein.

(History: Ord. RW-2184, 2000)

13.12.310 Purpose.

- A. To recognize the City's primary role as chief steward of the Right-of-way and its duty to its citizens to recover the costs of managing the Right-of-way and incursions into it;
- B. To clarify and regulate conditions of occupancy and construction for those ROW-users occupying space within the City's Right-of-way given the anticipated increased use of the Right-of-way by various ROW-users throughout the country;
- C. To recognize the necessity for sound management practices in light of the increased use of the Right-of-way and the fact that the Right-of-way is a limited resource;
- D. To treat each ROW-user equitably and in a competitively neutral and nondiscriminatory manner with considerations that may be unique to the technologies and situation of each particular ROW-user;
- E. To minimize disruption, visual impact or inconvenience to the public, and to preserve the public health, safety and welfare; and
- F. To comply with state and federal legislation.

 6. Information sufficient to determine whether the Service Provider is subject to franchising by Kansas law.

7. Information sufficient to determine whether the Service Provider has applied for and received any certificate of authority required by the Kansas Corporation Commission.
 8. Information sufficient to determine that the Service Provider has applied for and received any permit or other approvals required by the Federal Communications Commission.
 9. Such other information as may be reasonably required by the City to complete the Registration statement.
- F. Each Service Provider shall designate a local Person familiar with the Facilities who will act as a local agent for the Service Provider and will be responsible for satisfying information requirements of this Ordinance. The Service Provider shall present to the City the agent's name, address, telephone number, fax number and email address. The agent shall be the Person to whom relocation notices and other such notices shall be sent, and with whom rests the responsibility to facilitate all necessary communications. The Service Provider shall be responsible for all costs incurred by the City due to the failure to provide such information to the City.
 - G. Prior to construction, reconstruction, Repair, maintenance, or relocation of Facilities owned by the Service Provider in the Right-of-way, the Service Provider shall first obtain the necessary Right-of-way Permit as provided hereafter.
 - H. Prior to providing Service to the City and its residents, the Service Provider shall first obtain the necessary franchise agreement, if any, from the City.
 - I. The Service Provider shall participate in any joint planning, construction and advance notification of Right-of-way work, including coordination and consolidation of Street cut work as directed by the City Engineer. In addition, the Service Provider shall cooperate with other Service Providers and the City for the best, most efficient, most aesthetic and least obtrusive use of the Right-of-way, consistent with safety, and to minimize traffic and other disruptions, including Street cuts.
 - J. The Service Provider shall furnish maps showing the location of Facilities of the Service Provider within the City as provided hereafter.
 - K. The City shall not exercise its authority under this provision to in any way deter competition or discriminate against any Service Provider.

(History: Ord. RW-2410 §3, 2002; RW-2184, 2000)

13.12.360 Mapping Requirement of Service Provider.

- A. The Service Provider shall keep and maintain accurate records and as-built drawings depicting accurate location of all its Facilities constructed, reconstructed or relocated in the Right-of-way.
- B. Within ten (10) days of a request by the City, the Service Provider will provide to the City information concerning such Facilities as may be reasonably requested.
- C. When available to the Service Provider, such information will be submitted electronically in an AutoCad® format to the extent compatible with the City's Geographical Information Systems (GIS) and Johnson County Automated Integrated Mapping Systems (AIMS) provided, however, that nothing herein shall be construed to require the Service Provider to acquire or modify any electronic mapping system.
- D. Underground Facilities shall be differentiated from overhead Facilities.
- E. Such mapping and identification shall be at the sole expense of the Service Provider.

(History: Ord. RW-2410 §4, 2002; RW-2184, 2000)

13.12.370 Service Provider's Right to Sell, Transfer, Lease, Assign, Sublet or Dispose.

Except as provided hereafter, the Service Provider shall not sell, transfer, lease, assign, sublet or dispose of its Facilities, or any portion thereof, that is located in City Right-of-way, or any right, title or interest in the same, or the transfer of any rights granted by the City to any Person either by forced or involuntary sale, or by ordinary sale, consolidation or otherwise, without notice to the City. This provision shall not apply to the sale of property or equipment in the normal course of business or to the sale or lease of Facilities to reseller Service Providers. No notice to the City shall be required for a transfer in trust, mortgage, or other similar instrument, in whole or in part, to secure an indebtedness, or for a pro forma transfer to a corporation, partnership, or other entity controlling, controlled by or under common control with the Service Provider.

(History: Ord. RW-2184, 2000)

13.12.380 Reseller Service Providers.

Repealed.

(History: Ord. RW-2410 §16, 2002; RW-2184, 2000)

13.12.390 Use of the Right-of-Way.

- A. The ROW-user's use of the Right-of-way shall in all matters be subordinate to the City's use or occupation of the Right-of-way. The City may reserve sufficient space within the Right-of-way for future Public Improvements. Without limitation of its rights, the City expressly reserves the right to exercise its governmental powers now and hereafter vested in or granted to the City.
- B. The ROW-user shall coordinate the placement of Facilities in a manner which minimizes adverse impact on any Public Improvement, as reasonably determined by the City. Where placement is not regulated, the Facilities shall be placed with adequate clearance from such Public Improvements so as not to impact or be impacted by such Public Improvement as defined in the City's Manual of Infrastructure Standards available in the office of the City Engineer.
- C. The ROW-user shall consider any request made by the City concerning placement of Facilities in private easements in order to limit or eliminate future Street improvement relocation expenses.
- D. All Facilities shall be located and laid so as not to disrupt or interfere with any pipes, drains, sewers, irrigation systems, or other structures or Public Improvements already installed. In addition, the ROW-user shall, in doing work in connection with its Facilities, avoid, so far as may be practicable, disrupting or interfering with the lawful use of Right-of-way or other Public Lands of the City.
- E. All Facilities of the ROW-user shall be placed so that they do not interfere with the use of Right-of-way and Public Lands. The City, through its City Engineer, shall have the right to consult and review the location, design and nature of the Facility prior to its being installed.
- F. Whenever reasonably possible, all newly constructed Facilities shall be located underground. The ROW-user shall comply with all requirements of the City relating to underground Facilities. This requirement may be waived by the City Engineer at his discretion for safety concerns, or some other good cause under the condition that does not cause discrimination among ROW-users. If this requirement is waived, the Facilities shall be located as directed by the City Engineer, including, but not limited to, requirements regarding location and height.

- G. The ROW-user shall not interfere with the Facilities of the other ROW-users without their permission. If and when the City requires or negotiates to have a Service Provider cease using its existing poles and to relocate its Facilities underground, all other Service Providers using the same poles shall also relocate their Facilities underground at the same time, subject to the appeal process contained in Section 13.12.570, as amended.
- H. The City Engineer may assign specific corridors within the Right-of-way, or any particular segment thereof as may be necessary, for each type of Facility that is currently or, pursuant to current technology, the City Engineer expects will someday be located within the Right-of-way. All Right-of-way Permits issued by City Engineer shall indicate the proper corridor for the ROW-user's Facilities. Any ROW-user whose Facilities are currently in the Right-of-way in a position at a variance with the designated corridors shall, no later than at the time of next reconstruction or excavation of the area where its Facilities are located, move the Facilities to its assigned position within the Right-of-way, unless this requirement is waived by City Engineer for good cause shown, upon consideration of such factors as the remaining economic life of the Facilities, public safety, user Service needs and hardship to the ROW-user.
- I. If, in the preparation and planning of a Right-of-way project, the City Engineer deems it appropriate for a conduit to be constructed along, across or under the Right-of-way, the City Engineer shall contact all appropriate ROW-users for their input on the planning and design of such conduit. If a ROW-user desires to Construct, maintain or operate Facilities along such Right-of-way, the City Engineer may require the ROW-user to use such conduit, and to contribute to the expense of such conduit, provided, however, the ROW-user use of the conduit is reasonable and appropriate under the circumstances.
- J. All earth, materials, sidewalks, paving, crossings, utilities, other Public Improvements or improvements of any kind damaged or removed by the ROW-user shall be fully repaired or replaced promptly by the ROW-user at its sole expense and to the reasonable satisfaction of the City. Upon determination by the City Engineer that such Repair or replacement is a public safety matter, all such Repair or replacement shall be commenced within twenty-four (24) hours of notice from the City, or the City Engineer may direct the City to make such Repair or replacement and bill the ROW-user for the City cost. The City Engineer has the authority to inspect the Repair or replacement of the damage, and if necessary, to require the ROW-user to do any necessary additional work.
- K. All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of a ROW-user's Facilities in the Right-of-way shall be in accordance with applicable federal, state and local law and regulations, including those promulgated by national trade associations commonly associated with the Service provided by the ROW-user. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this Ordinance may be in addition to or stricter than such minimum standards. A ROW-user shall not Construct or reconstruct any of its Facilities located upon, over, under or within the City Right-of-way without first having submitted in writing a description of its planned improvement to the City Engineer and having received a permit for such improvement. The City Engineer may require that any drawings, plans and/or specifications submitted be certified by a Kansas registered professional engineer stating that such drawings, plans and/or specifications comply with all applicable technical codes, rules and regulations, unless such plans are based directly on nationally recognized codes, which are appropriately cited, and attested to on the plans by the signature of an authorized official of the organization applying for the permit.

Chapter 13.12

- L. The ROW-user shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete on-site information regarding the nature and horizontal and vertical location of its Facilities located within the Right-of-way, both underground and overhead, when requested by the City or its authorized agent for a Public Improvement. Such location and identification shall be at the expense of the ROW-user without any expense to the City, its employees, agents, or authorized contractors.
- M. Encroachments in the Right-of-way for private purposes which create a safety hazard are prohibited.
- N. The City shall have the authority to prohibit the use or occupancy of a specific portion of the Right-of-way by a ROW-user due to public health, safety or welfare considerations.
(History: Ord. RW-2883 §1, 2011; RW-2410 §6, 2002; RW-2184, 2000)[Source or prior law: 13.12.210.]

13.12.400 Facility Relocation.

- A. The ROW-user shall promptly remove, relocate or adjust any Facilities located in the Right-of-way as directed by the City for a Public Improvement or when reasonably required by the City by reason of public health, safety and welfare. Such removal, relocation, or adjustment shall be performed by the ROW-user at the ROW-user's sole expense without expense to the City, its employees, agents, or authorized contractors and shall be specifically subject to rules, regulations and schedules of the City pertaining to such. The ROW-user shall proceed with relocations at due diligence upon notice by the City to begin relocation.
- B. The ROW-user shall promptly remove, relocate or adjust any Facilities located in private easement, as directed by the City, for a Public Improvement, at City expense, by moving such Facilities to areas within the expanded Right-of-way or within remaining private easements or remaining portions of such easements not condemned by nor disclaimed to the City to avoid conflict with City construction and improvements. The ROW-user shall disclaim those parts of its easements which lie within the expanded Right-of-way. Should the City, in the future, elect to require the ROW-user to again relocate its Facilities to other areas within the expanded Right-of-way, the cost of any such future relocation shall be borne by the City.
- C. As soon as working drawings are available for Public Improvements which will require the ROW-user to relocate its Facilities, the City shall provide the ROW-user with written notice of relocations and the anticipated bid letting date of said improvement. The ROW-user shall respond with any conflicts and a proposed construction schedule within thirty (30) days.
- D. Following notice by the City in the form of the delivery of final design plans for such Public Improvements, the ROW-user shall remove, and relocate its Facilities in accordance with the mutually agreed upon schedule, provided the project is not delayed by adverse weather conditions and other factors beyond the control of the ROW-user. The ROW-user shall certify to the City, in writing, that its Facilities have been relocated or adjusted to clear construction in accordance with project plans provided by the City.
- E. Any damages suffered by the City, its agents or its contractors to the extent caused by ROW-user's failure to timely relocate or adjust its Facilities, or failure to properly relocate or adjust such Facilities, shall be borne by the ROW-user.
- F. In the event the ROW-user is required to move its Facilities in accordance with this section, any ordinary Right-of-way Permit fee shall be waived.

- G. It is the intent of this section for both the City and the ROW-user to cooperate with one another so that the need for Facility relocation is minimized and, when required and feasible, relocations may be completed prior to receipt of bids by the City for a Public Improvement.

(History: Ord. RW-2410 §7, 2002; RW-2184, 2000)

13.12.410 Protection of the Public.

- A. It shall be the responsibility of the ROW-user to take adequate measures to protect and defend its Facilities in the Right-of-way from harm and damage.
- B. The City shall not be liable for any damage to or loss of any of the ROW-user's Facilities within the Right-of-way as a result of or in connection with any construction, excavation, grading, filling or work of any kind, including Public Improvements by or on the behalf of the City, except to the extent caused by the negligent, willful, intentional, or malicious acts or omissions of the City.
- C. The ROW-user shall be responsible to the City and its agents, representatives, and authorized contractors for all damages suffered by them including, but not limited to delay damages, Repair costs, construction delays, penalties or other expenses of any kind arising out of the failure of the ROW-user to timely perform any of its obligations under this Ordinance to the extent caused by the acts or omissions of the ROW-user.
- D. The City or its authorized contractors shall be responsible for taking reasonable precautionary measures including calling for Facility locations when constructing Public Improvements.
- E. Any ROW-user who for any purpose makes or causes to be made any excavation in, upon, under, through or adjoining any Street, sidewalk, alley or other Right-of-way, and shall leave any part or portion thereof open, or shall leave any part or portion thereof disrupted with rubbish, building or other material during construction and/or the night time, shall cause the same to be enclosed with good substantial and sufficient barricades or drums equipped with the appropriate type warning lights and orange safety fencing material which is properly secured around the excavation or the disruption.
- F. Whenever a ROW-user shall Excavate the full width of any Street, sidewalk, alley, driveway approach or other Right-of-way, it shall be its duty to maintain an adequate passage for vehicles and pedestrians across or around the excavation until it is refilled as specified.
- G. Any excavation left open overnight on any thoroughfare or collector type Street shall be securely covered. The ROW-user assumes the sole responsibility for maintaining proper barricades, plates, safety fencing and/or lights as required from the time of opening of the excavation until the excavation is surfaced and opened for travel.
- H. The City Engineer, upon the review and approval of a plan and details for trimming trees in the Right-of-way, may grant permission by permit to any ROW-user to trim trees upon and overhanging the Right-of-way so as to prevent the branches of such trees from coming in contact with the Facilities of the ROW-user.
- I. In the event the ROW-user severely disturbs or damages the root structure of any tree in the Right-of-way to the detriment of the health and safety of the tree, the ROW-user will be required to remove and replace the tree at the ROW-user's cost. Further, in review of the ROW-user's plan, City Engineer, in his discretion, may require the ROW-user to directionally bore around any tree in the Right-of-way.

- J. Upon the appropriate request of any Person having satisfied City procedure and ordinances, the ROW-user shall remove, raise, or lower its Facilities temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering shall be paid by the Person requesting the same, and the ROW-user may require such payment in advance. The ROW-user must be given not less than fifteen (15) days written notice from the Person detailing the time and location of the moving operations, and not less than 24-hours advance notice from the Person advising of the actual operation.
- K. The City Engineer may cause to be removed any encroachment in the Right-of-way that creates a safety hazard and the cost of such removal and restoration of the Right-of-way shall be borne by the ROW-user.

(History: Ord. RW-2883 §2, 2011; RW-2410 §8, 2002; RW-2184, 2000)[Source or prior law: 13.12.140.]

13.12.420 Right-of-way Vacation.

- A. If the City vacates a Right-of-way which contains the Facilities of the Service Provider, and if the vacation does not require the relocation of the Service Provider's Facilities, the City shall reserve, to and for itself and all Service Providers having Facilities in the vacated Right-of-way, an easement for the right to install, maintain and operate any Facilities in the vacated Right-of-way and to enter upon such vacated Right-of-way at any time for the purpose of reconstructing, inspecting, maintaining or repairing the same.
- B. If the vacation requires the relocation of Facilities, and
 - 1. If the vacation proceedings are initiated by the Service Provider, the Service Provider must pay the relocation costs.
 - 2. If the vacation proceedings are initiated by the City, the Service Provider must pay the relocation costs unless otherwise agreed to by the City and the Service Provider.
 - 3. If the vacation proceedings are initiated by a Person other than the Service Provider or the City, such other Person must pay the relocation costs.

(History: Ord. RW-2184, 2000)

13.12.430 Abandoned and Unusable Facilities.

- A. A ROW-user owning Abandoned Facilities in the Right-of-way must either:
 - 1. Remove its Facilities and replace or restore any damage or disturbance caused by the removal at its own expense. The City Engineer may allow underground Facilities or portions thereof remain in place if the City Engineer determines that it is in the best interest of public safety to do so. At such time, the City may take ownership and responsibility of such vacated Facilities left in place; or
 - 2. Provide information satisfactory to the City that the ROW-user's obligations for its Facilities in the Right-of-way have been lawfully assumed by another authorized ROW-user; or
 - 3. Submit to the City a proposal and instruments for transferring ownership of its Facilities to the City. If the ROW-user proceeds under this section, the City may, at its option purchase the equipment, require the ROW-user, at its own expense, to remove it, or require the ROW-user to post a bond in an amount sufficient to reimburse the City for reasonable anticipated costs to be incurred to remove the Facilities.

- B. Facilities of a ROW-user who fails to comply with this section, and whose Facilities remain unused for two (2) years, shall be deemed to be abandoned after the City has made a good faith effort to contact the ROW-user, unless the City receives confirmation that the ROW-user intends to use the Facilities. Abandoned Facilities are deemed to be a nuisance. The City may exercise any remedies or rights it has at law or in equity, including, but not limited to, (a) abating the nuisance, (b) taking possession and ownership of the Facility and restoring it to a useable function, or (c) requiring the removal of the Facility by the ROW-user.

(History: Ord. RW-2184, 2000)

13.12.440 Permit Requirement.

- A. Except as otherwise provided, no ROW-user may Excavate any Right-of-way or conduct any Repair, construction, or reconstruction of Facilities located within the Right-of-way without first having obtained the appropriate Right-of-way Permit.
- B There are two exemptions to this provision:
1. Contractors working on the construction or reconstruction of Public Improvements.
 2. ROW-users performing Routine Service Operations which do not require excavation in the Right-of-way and do not disrupt traffic for more than four (4) hours.
- C. No Person owning or occupying any land abutting on a public Right-of-way shall Construct, maintain, or permit in or on the portion of the public Right-of-way to which such land is adjacent, any fixed structure, material or object without having obtained the appropriate Right-of-way Permit.
- D. A Right-of-way Permit is required for Emergency situations. If due to an Emergency it is necessary for the ROW-user to immediately perform work in the Right-of-way, and it is impractical for the ROW-user to first get the appropriate permit, the work may be performed, and the required permit shall be obtained as soon as possible during the next City working day.
- E. No Permittee may Excavate the Right-of-way beyond the date or dates specified in the Right-of-way Permit unless the Permittee:
1. Makes a supplementary application for another Right-of-way Permit before the expiration of the initial permit, and,
 2. A new Right-of-way Permit or permit extension is granted.
- F. Right-of-way Permits issued shall be conspicuously displayed by the Permittee at all times at the indicated work site and shall be available for inspection by the City Engineer, other City employees and the public.
- G. Prior to the commencement of excavation, the Permittee shall identify and locate any buried Facilities to be spray painted according to the Uniform Color Code required by the Kansas One Call.
- H. All excavations by the Permittee shall have a metal marker inserted into the excavation of the restored Pavement, which shall identify the ROW-user.
- I. Before receiving a Right-of-way Permit, the Applicant must show proof of any necessary permit, license, certification, grant, Registration, franchise agreement or any other authorization required by any appropriate Governmental Entity, including, but not limited to, the City, the FCC or the KCC.

Chapter 13.12

- J. Any ROW-user who is found to be working in the public Right-of-way without a permit will be directed to stop work until a permit is acquired and properly posted at the work site. The only exception allowed is for Emergency Repair work.
- K. Any Permittee found to be working without providing for required safety and traffic control will be directed to stop work until the appropriate measures are implemented in accordance with the current edition of the Manual on Uniform Traffic Control Devices. (History: Ord. RW-2184, 2000)[Source or prior law: 13.12.020, 13.12.040 & 13.12.050]

13.12.450 Permit Applications.

- A. Application for a Right-of-way Permit shall be submitted to the City Engineer by either the ROW-user or by the Person who will do the work and/or excavation in the Right-of-way.
- B. Right-of-way applications shall contain and be considered complete only upon receipt of the following:
 - 1. Compliance with verification of Registration;
 - 2. Submission of a completed permit application form, including all required attachments and scaled drawings showing the location and area of the proposed project and the location of all existing and proposed Facilities at such location;
 - 3. A traffic control plan;
 - 4. Payment of all money due to the City for permit fees and costs, for prior excavation costs, for any loss, damage or expense suffered by the City because of the Applicant's prior excavations of the Right-of-way or for any Emergency actions taken by the City, unless the payment of such money is in dispute and timely appealed as provided hereafter.

(History: Ord. RW-2410 §9, 2002; RW-2184, 2000)[Source or prior law: 13.12.060.]

13.12.460 Liability Insurance, Performance and Maintenance Bond Requirement.

- A. The Permittee shall file with the City evidence of commercial general and automobile liability insurance with an insurance company licensed to do business in Kansas. The general liability limit will be not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) in aggregate. The automobile liability limit will not be less than one million dollars (\$1,000,000) combined single limit. The insurance will protect the City from and against all claims by any Person whatsoever for loss or damage from personal injury, bodily injury, death, or property damage to the extent caused or alleged to have been caused by the negligent acts or omissions of the Permittee. If the Permittee is self-insured, it shall provide the City proof of compliance regarding its ability to self-insure and proof of its ability to provide coverage in the above amounts.
- B. The Permittee shall at all times during the term of the permit, and for two (2) years thereafter, maintain a performance and maintenance bond in a form approved by the City Attorney. The amount of the bond required for a Right-of-way Permit will be \$2,000 or the value of the Restoration, whichever is greater, for a term consistent with the term of the permit plus two additional years, conditioned on the Permittee's faithful performance of the provisions, terms and conditions conferred by this Ordinance. Alternatively, if the Permittee anticipates requirements for multiple Right-of-way Permits, the Permittee may choose to meet the bond requirements as follows:

- 10 permits or less/year: \$15,000 annual bond
 - 25 permits or less/year: \$30,000 annual bond
 - Unlimited permits/year: \$50,000 annual bond
- C. A copy of the Liability Insurance Certificate and Performance and Maintenance Bond must be on file with the City Clerk.
- D. No performance and maintenance bond will be required for permits issued for driveway replacement, landscaping work such as irrigation systems and tree planting or plumbing connections for new residential or commercial construction.

No performance and maintenance bond or liability insurance will be required of any governmental entity, or of any residential property owner working in the right-of-way adjacent to his/her residence, who does not utilize a contractor to perform the excavation.

(History: Ord. RW-2501 §1, 2004; RW-2410 §10, 2002; RW-2322 §1, 2001; RW-2184, 2000)[Source or prior law: 13.12.080, 13.12.090 & 13.12.100.]

13.12.470 Right-of-way Permit Fees and Costs.

- A. The Right-of-way Permit fee shall be recommended by the City Engineer, approved by the Governing Body and listed in the Schedule of Fees maintained in the City Clerk's office.
- B. The Right-of-way Permit fee may include a Permit and Inspection Fee, and an Excavation Fee.
- C. Fees paid for a Right-of-way Permit, which is subsequently revoked by the City Engineer, are not refundable.
- D. Except as provided for in an Emergency situation, a ROW-user who is found to have worked or is working in the Right-of-way without having obtained a permit, the fee for the permit will be double the amount had the ROW-user obtained a permit prior to beginning work.
- E. The City may also charge and collect any necessary Repair and Restoration Costs.
(History: Ord. RW-2410 §11, 2002; RW-2184, 2000)

13.12.480 Issuance of Permit.

- A. If the City Engineer determines that the Applicant has satisfied the requirements of this Ordinance, the City Engineer shall issue a Right-of-way Permit.
- B. The City Engineer may impose reasonable conditions upon the issuance of a Right-of-way Permit and the performance of the Permittee in order to protect the public health, safety and welfare, to ensure the structural integrity of the Right-of-way, to protect the property and safety of other users of the Right-of-way, and to minimize the disruption and inconvenience to the traveling public.
- C. When a Right-of-way Permit is requested for purposes of installing additional Facilities and the a performance and maintenance bond for additional Facilities is reasonably determined to be insufficient, the posting of an additional or larger performance and maintenance bond for the additional Facilities may be required.
- D. Issued permits are not transferable.
- E. If work is being done for the ROW-user by another Person, a subcontractor or otherwise, the Person doing the work and the ROW-user shall be liable and responsible for all damages, obligations, and warranties herein described.
(History: Ord. RW-2184, 2000)

13.12.490 Permitted Work.

- A. The Permittee shall not make any cut, excavation or grading of Right-of-way other than excavations necessary for Emergency Repairs without first securing a Right-of-way Permit.
- B. The Permittee shall not at any one time open or encumber more of the Right-of-way than shall be reasonably necessary to enable the Permittee to complete the project in the most expeditious manner.
- C. The Permittee shall, in the performance of any work required for the installation, Repair, maintenance, relocation and/or removal of any of its Facilities, limit all excavations to those excavations that are necessary for efficient operation.
- D. The Permittee shall not permit such an excavation to remain open longer than is necessary to complete the Repair or installation.
- E. The Permittee shall notify the City no less than three (3) working days in advance of any construction, reconstruction, Repair, location or relocation of Facilities which would require any Street closure or which reduces traffic flow to less than two (2) lanes of moving traffic for more than four (4) hours. Except in the event of an Emergency as reasonably determined by the Permittee, no such closure shall take place without notice and prior authorization from the City.
- F. Non-emergency work on arterial and collector Streets may not be accomplished during the hours of 7:00 AM to 8:30 AM and 4:00 PM to 6:00 PM, in order to minimize disruption of traffic flow.
- G. All work performed in the Right-of-way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected at the Permittee's expense. Such signage shall be in conformance with the latest edition of the Administration's Manual on Uniform Traffic Control Devices, unless otherwise agreed to by the City.
- H. The Permittee shall identify and locate any underground Facilities in conformance with the Kansas Underground Utility Damage Prevention Act "Kansas One Call" system, and notice shall be provided directly to Water District No. 1 and either to Kansas City Power and Light (KCPL) or to the Traffic Operations Section of the Public Works Department with respect to any municipal traffic signal and street light systems, as appropriate.
- I. The Permittee shall be liable for any damages to underground Facilities due to excavation work prior to obtaining location of such Facilities, or for any damage to underground Facilities that have been properly identified prior to excavation. The Permittee shall not make or attempt to make Repairs, relocation or replacement of damaged or disturbed underground Facilities without the approval of the owner of the Facilities.
- J. Whenever there is an excavation by the Permittee, the Permittee shall be responsible for providing adequate traffic control to the surrounding area as determined by City Engineer of the City. The Permittee shall perform work on the Right-of-way at such times that will allow the least interference with the normal flow of traffic and the peace and quiet of the neighborhood. In the event the excavation is not completed in a reasonable period of time, the Permittee may be liable for actual damages to the City for delay caused by the Permittee pursuant to this Ordinance.
- K. All Facilities and other appurtenances laid, constructed and maintained by the Permittee shall be laid, constructed and maintained in accordance with acceptable engineering practice and in full accord with any and all applicable engineering codes adopted or

approved by the parties and in accordance with applicable statutes of the State of Kansas, as well as the rules and regulations of the Kansas Corporation Commission or any other local, state or federal agency having jurisdiction over the parties.

- L. Following completion of permitted work for new construction, the Permittee shall keep, maintain and provide to the City accurate records and as-built drawings, drawn to scale and certified to the City as accurately depicting the location of all utility Facilities constructed pursuant to the permit. When available to the Permittee, maps and drawings provided will be submitted in AUTOCAD.DXF or AUTOCAD.DWG automated formats if available, or in hard copy otherwise. The City Engineer may waive this requirement. Such information shall be subject in all respects and shall have the benefit of protection as set forth in the section entitled "Mapping Requirements of Service Provider" contained herein.
- M. The City may use the as-built records of the Service Provider's Facilities in connection with Public Improvements.

(History: Ord. RW-2184, 2000)[Source or prior law: 13.12.030.]

13.12.500 Right-of-way Repair and Restoration.

- A. The work to be done under the Right-of-way Permit and the Repair and Restoration of the Right-of-way as required herein must be completed within the dates as specified in the permit. However, in the event of circumstances beyond the control of the Permittee or when work was prohibited by unseasonable or unreasonable conditions, the City Engineer may extend the date for completion of the project upon receipt of a supplementary application for a permit extension.
- B. All earth, materials, sidewalks, paving, crossing, utilities, Public Improvement or improvements of any kind damaged or removed by the Permittee shall be fully repaired or replaced promptly by the Permittee at its sole expense and the reasonable satisfaction of the City. The City Engineer has the authority to inspect the Repair or replacement of the damage, and if necessary, to require the Permittee to do the additional necessary work. Notice of the unsatisfactory Restoration and the deficiencies found will be provided to the Permittee and a reasonable time not to exceed fifteen days will be provided to allow for the deficiencies to be corrected.
- C. After any excavation, the Permittee shall, at its expense, restore all portions of the Right-of-way to the same condition or better condition than it was prior to the excavation thereof.
- D. In addition to repairing its own Street cuts, the Permittee must restore any area within five (5) feet of the new Street cut that has previously been excavated, including the paving and its aggregate foundations.
- E. If the Permittee fails to restore the Right-of-way in the manner and to the condition required by the City Engineer, or fails to satisfactorily and timely complete all Restoration the City may, at its option, serve written notice upon the Permittee and its surety that, unless within five (5) days after serving of such notice, a satisfactory arrangement can be made for the proper Restoration of the Right-of-way, the City shall immediately serve notice of failure to comply upon the surety and the Permittee, and the surety shall have the right to take over and complete the work; provided, however, that if

Chapter 13.12

the surety does not commence performance thereof within ten (10) days from the date of notice, the City may take over the work and prosecute same to completion, by contract or otherwise, at the expense of the Permittee, and the Permittee and its surety shall be liable to the City for any and all excess cost assumed by the City by reason of such prosecution and completion.

- F. The Permittee responsible for the excavation who leaves any debris in the Right-of-way shall be responsible for providing safety protection in accordance with the latest edition of the Manual of Uniform Traffic Control Devices and any applicable federal or state requirement.
- G. If an excavation cannot be back-filled immediately and left unattended, the Permittee shall securely and adequately cover the unfilled excavation. The Permittee has sole responsibility for maintaining proper barricades, safety fencing and/or lights as required, from the time of the opening of the excavation until the excavation is surfaced and opened for travel.
- H. In restoring the Right-of-way, the Permittee guarantees its work and shall maintain it for twenty-four (24) months following its completion. During the twenty-four (24) months the Permittee shall, upon notification from the City Engineer, correct all Restoration work to the extent necessary, using any method as required by the City Engineer. Said work shall be completed within a reasonable time, not to exceed thirty (30) calendar days, of the receipt of notice from the Public Works (not including days during which work cannot be done because of circumstances constituting force Majeure or days when work is prohibited as unseasonable or unreasonable). In the event the Permittee is required to perform new Restoration pursuant to the foregoing guarantee, the City Engineer shall have the authority to extend the guarantee period for such new Restoration for up to an additional twenty-four (24) months from the date of the new Restoration, if the City Engineer determines any overt action by the Permittee not to comply with the conditions of the Right-of-way Permit and any Restoration requirements.
- I. The twenty-four (24) month guarantee period shall be applicable to failure of the Pavement surface as well as failure below the Pavement surface.
- J. Payment of an Excavation Fee shall not relieve the Permittee of the obligation to complete the necessary Right-of-way Restoration.

13.12.510 Joint Applications.

- A. Applicants may apply jointly for permits to Excavate the Right-of-way at the same time and place.
- B. Applicants who apply jointly for a Right-of-way Permit may share in the payment of the permit fee. Applicants must agree among themselves as to the portion each shall pay.

(History: Ord. RW-2184, 2000)

13.12.520 Supplementary Applications.

- A. A Right-of-way Permit shall only be valid for the area of the Right-of-way specified within the permit. No Permittee may cause any work to be done outside the area specified in the permit, except as provided herein. Any Permittee who determines that an area greater than that which is specified in the permit must be excavated must do the

following prior to the commencement of work in that greater area: (a) make application for a permit extension and pay any additional fees required thereby; and (b) receive a new Right-of-way Permit or permit extension.

- B. A Right-of-way Permit shall be valid only for the dates specified in the permit. No Permittee may commence work before the permit start date or, except as provided herein, may continue working after the end date. If a Permittee does not complete the work by the permit end date, the Permittee must apply for and receive a new Right-of-way Permit or a permit extension for additional time. This supplementary application must be submitted to the City prior to the permit end date.

(History: Ord. RW-2184, 2000)

13.12.530 Other Obligations.

- A. Obtaining a Right-of-way Permit under this Ordinance shall not relieve the Permittee of its duty to obtain any necessary permit, license, certification, grant, Registration, franchise agreement or any other authorization required by any appropriate Governmental Entity, including, but not limited to, the City, the FCC or the KCC, and to pay any fees required by any other City, County, State, or Federal rules, laws, or regulations. A Permittee shall perform all work in full accord with any and all applicable engineering codes adopted or approved by the parties and in accordance with applicable statutes of the State of Kansas, and the rules and regulations of the KCC or any other local, state or federal agency having jurisdiction over the parties. A Permittee shall perform all work in conformance with all applicable codes and established rules and regulations and shall be responsible for all work done in the Right-of-way pursuant to its permit, regardless by whom the work is done by.
- B. Except in cases of an Emergency or with approval of the City Engineer, no Right-of-way work may be done when conditions are unreasonable for such work.
- C. A Permittee shall not disrupt a Right-of-way such that the natural free and clear passage of water through the gutters or other waterways is interfered with. Private vehicles may not be parked within or next to the permit area.

(History: Ord. RW-2184, 2000)

13.12.540 Denial of Permit.

- A. The City Engineer may deny a permit or prohibit the use or occupancy of a specific portion of the Right-of-way to protect the public health, safety and welfare, to prevent interference with the safety and convenience of ordinary travel over the Right-of-way, or when necessary to protect the Right-of-way and its users. The City Engineer, at his discretion, may consider all relevant factors including but not limited to:
1. The extent to which the Right-of-way space where the permit is sought is available;
 2. The competing demands for the particular space in the Right-of-way;
 3. The availability of other locations in the Right-of-way or in other Right-of-way for the Facilities of the Applicant;
 4. The applicability of any ordinance or other regulations that affect location of Facilities in the Right-of-way;
 5. The degree of compliance of the Applicant with the terms and conditions of its franchise, this Ordinance, and other applicable ordinances and regulations;

Chapter 13.12

6. The degree of disruption to surrounding communities and businesses that will result from the use of that part of the Right-of-way;
 7. The balancing of costs of disruption to the public and damage to the Right-of-way, against the benefits to that part of the public served by the construction in the Right-of-way;
 8. Whether the Applicant maintains a current Registration with the City;
 9. Whether the issuance of a Right-of-way Permit for the particular dates and/or time requested would cause a conflict or interferes with an exhibition, celebration, festival, or any other event. In exercising this discretion, the City Engineer shall be guided by the safety and convenience of anticipated travel of the public over the Right-of-way.
- B. Notwithstanding the above provisions, the City Engineer may in his discretion issue a Right-of-way Permit in any case where the permit is necessary to:
1. Prevent substantial economic hardship to a user of the Applicant's Service;
 2. Allow such user to materially improve the Service provided by the Applicant.
- C. The City Engineer shall not issue a Right-of-way Permit for encroachments in the Right-of-way for private purposes that create a safety hazard and would be deemed a nuisance pursuant to Chapter 7.04.

(History: Ord. RW-2883 §3, 2011; RW-2410 §13, 2002; RW-2184, 2000)

13.12.550 Revocation of Permit.

- A. Permittees hold Right-of-way Permits issued pursuant to this Ordinance as a privilege and not as a right. The City reserves its right, as provided herein, to revoke any Right-of-way Permit, without refund of the permit fee, in the event of a substantial breach of the terms and conditions of any law or the Right-of-way Permit. A substantial breach shall include, but not be limited to the following:
1. The violation of any material provision of the Right-of-way Permit;
 2. An evasion or attempt to evade any material provision of the Right-of-way Permit, or the perpetration or attempt to perpetrate any fraud or deceit upon the City or its citizens;
 3. Any material misrepresentation of any fact in the permit application;
 4. The failure to maintain the required bond or insurance;
 5. The failure to complete the work in a timely manner;
 6. The failure to correct a condition indicated on an order issued pursuant to this Ordinance;
 7. Repeated traffic control violations; or
 8. Failure to Repair Facilities damaged in the Right-of-way.
- B. If the City Engineer determines that the Permittee has committed a substantial breach of any law or condition placed on the Right-of-way Permit, the City Engineer shall make a written demand upon the Permittee to remedy such violation. The demand shall state that the continued violation may be cause for revocation of the permit, or legal action if applicable. Further, a substantial breach, as stated above, will allow the City Engineer, at his discretion, to place additional or revised conditions on the Right-of-way Permit, specifically related to the manner in which the breach is cured by the Permittee. Within five (5) calendar days of receiving notification of the breach, Permittee shall contact the City Engineer with a plan, acceptable to the City Engineer, for correction of the breach.

Permittee's failure to contact the City Engineer, Permittee's failure to submit an acceptable plan, or Permittee's failure to reasonably implement the approved plan shall be cause for immediate revocation of the Right-of-way Permit.

- C. If a Right-of-way Permit is revoked, the Permittee shall also reimburse the City for the City's reasonable costs, including administrative costs, restoration costs and the costs of collection and reasonable attorneys' fees incurred in connection with such revocation.

(History: Ord. RW-2184, 2000)

13.12.560 Work Requirements and Inspections.

- A. Any excavation, back filling, Repair and restoration, and all other work performed in the Right-of-way shall be done in conformance with the City's Manual of Infrastructure Standards as promulgated by the City Engineer.
- B. The Permittee shall employ a testing laboratory as approved by the City Engineer, which shall certify the proper back-filling on any Street cut. The Permittee shall pay all costs associated with such testing. This provision shall be waived when flowable fill is used as backfill or with the permission of the City Engineer.
- C. The Permittee shall notify the office of the City Engineer upon completion of the authorized work permit.
- D. The Permittee will notify the City Engineer to schedule an inspection at the start of back filling. Upon completion of all Right-of-way restoration activities, the Permittee will schedule a closeout inspection.
- E. When any corrective actions required have been completed and inspected to the City Engineer's satisfaction, the two (2) year maintenance period will begin.
- F. In addition to the required scheduled inspections, the City Engineer may choose to inspect the ongoing permitted work in the Right-of-way at any time to ensure that all requirements of the approved permit are being met by the Permittee.
- G. At the time of any inspection, the City Engineer may order the immediate cessation of any work, which poses a serious threat to the life, health, safety, or well being of the public. The City Engineer may issue a citation to the Permittee for any work, which does not conform, to the applicable standards, conditions, code or terms of the permit. The citation shall state that failure to correct the violation will be cause for revocation of the permit.

(History: Ord. RW-2184, 2000)[Source or prior law: 13.12.210.]

13.12.570 Appeals Process.

- A. Whenever a Person shall deem themselves aggrieved by any decision or action taken by the City Engineer, the Person may file an appeal to the Governing Body within ten (10) calendar days of the date of notice of such decision or action.
- B. The Persons shall be afforded a hearing on the matter before the Governing Body within thirty (30) days of filing the appeal.
- C. In cases of applicability or interpretation of the rules, the Governing Body may revoke such decision or action taken by the City Engineer.
- D. In cases where compliance with such decision or action taken by the City Engineer would cause undue hardship, the Governing Body may extend the time limit of such decision or action, or may grant exceptions to, or waive requirements of, or grant a variance from the specific provisions of rules. The Governing Body shall give due consideration to the purposes of the rules in preserving public safety and convenience, integrity of public infrastructure, and the operational safety and function of the public Right-of-way.

Chapter 13.12

- E. Pending a decision of the Governing Body, the order of the City Engineer shall be stayed, unless the City Engineer determines that such actions will pose a threat to public safety or the integrity of the public infrastructure.

If a Person still deems themselves aggrieved after the appeal to the Governing Body, such Person shall have thirty (30) days after the effective date of the Governing Body's final decision to institute an action in the District Court of Johnson County, Kansas.

(History: Ord. RW-2410 §14, 2002; RW-2184, 2000)

13.12.580 Indemnification.

A ROW-user shall indemnify and hold the City and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney fees and costs of defense), proceedings, actions demands, causes of action, liability and suits of any kind and nature, including personal bodily injury (including death), property damage or other harm for which recovery of damages is sought, to the extent that it is found by a court of competent jurisdiction to be caused by the negligence of the ROW-user, any agent, officer, director, or their respective officers, agents, employees, directors or representatives, while installing repairing or maintaining Facilities in a public Right-of-way. Nothing herein shall be deemed to prevent the City, or any agent from participating in the defense of any litigation by their own counsel at their own expense. Such participation shall not under any circumstances relieve the ROW-user from its duty to defend against liability or its duty to pay and judgment entered against the City, or its agents

If a ROW-user and the City are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any governmental immunity available to the City under state or federal law. This section is solely for the benefit of the City and ROW-user and does not create or grant any rights, contractual or otherwise, to any other Person.

(History: Ord. RW-2410 §15, 2002; RW-2184, 2000)

13.12.590 Force Majeure.

Each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other circumstances beyond the ROW-user's or the City's control.

(History: Ord. RW-2184, 2000)

13.12.600 Federal, State and City Jurisdiction.

This Ordinance shall be construed in a manner consistent with all applicable federal, state, and local laws. Notwithstanding any other provisions of this Ordinance to the contrary, the construction, operation and maintenance of the ROW-user's Facilities shall be in accordance with all laws and regulations of the United States, the state and any political subdivision thereof, or any administrative agency thereof, having jurisdiction. In addition, the ROW-user shall meet or exceed the most stringent technical standards set by regulatory bodies, including the City, now or hereafter having jurisdiction. The ROW-user's rights are subject to the police powers of the City to adopt and enforce ordinances necessary to the health, safety, and welfare of the public. The ROW-user shall comply with all applicable laws and ordinances enacted pursuant to that power. Finally, failure of the ROW-user to comply with any applicable law or regulation may result in a forfeiture of any permit, Registration or authorization granted in accordance with this Ordinance.

(History: Ord. RW-2184, 2000)

13.12.610 Severability.

If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court or administrative agency of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions hereof.

(History: Ord. RW-2184, 2000)

13.12.620 City's Failure to Enforce.

The City's failure to enforce or remedy any noncompliance of the terms and conditions of this Ordinance or of any permit granted hereunder shall not constitute a waiver of the City's rights nor a waiver of any Person's obligation as herein provided.

(History: Ord. RW-2184, 2000)

13.12.630 Penalties.

- A. Any Person or entity violating any provision of this chapter is guilty of a public offense, and upon conviction thereof shall be fined in a sum of not less than two hundred dollars (\$200.00) nor more than five hundred dollars (\$500.00). Every day that this chapter is violated shall constitute a separate offense.
- B. The violation of any provision of this Ordinance is hereby deemed to be grounds for revocation of the permit and Registration to operate with the City.
- C. The City shall have the authority to maintain civil suits or actions in any court of competent jurisdiction for the purpose of enforcing the provisions of this Ordinance. In addition to any other remedies, the City Attorney may institute injunction, mandamus or other appropriate action or proceeding to prevent violation of this Ordinance.

(History: Ord. RW-2184, 2000)[Source or prior law: 13.12.150 & 13.12.160.]

13.12.640 Reservation of Rights.

- A. In addition to any rights specifically reserved to the City by this Ordinance, the City reserves unto itself every right and power which is required to be reserved by a provision of any ordinance under any Registration, permit or other authorization granted under this Ordinance. The City shall have the right to waive any provision of this Ordinance or any Registration, permit or other authorization granted thereunder, except those required by federal or state law, if the City determines as follows: (a) that it is in the public interest to do so; and (b) that the enforcement of such provision will impose an undue hardship on the Person. To be effective, such waiver shall be evidenced by a statement in writing signed by a duly authorized representative of the City. Further, the City hereby reserves to itself the right to intervene in any suit, action or proceeding involving the provisions herein.
- B. Notwithstanding anything to the contrary set forth herein, the provisions of this Ordinance shall not infringe upon the rights of any Person pursuant to any applicable state or federal statutes, including, but not limited to the right to occupy the Right-of-way.
