18.195.010 Statement of intent

The zoning of property as RP-1N, Planned Single-Family Infill Residential District, is intended to encourage renewed investment in established Overland Park neighborhoods in the form of new, compatible, single-family development. It is envisioned that this district will be used for large-scale infill and redevelopment and not on a lot-by-lot basis. Flexibility from the traditional single-family residential district standards is offered to maintain single-family character where site and development characteristics might otherwise discourage single-family development. Property zoned RP-1N shall be provided with public sanitary sewers prior to, or concurrent with, development.

The RP-1N District is intended to be located on residential property shown as Medium-Density Residential on the Comprehensive Plan or on lots with existing duplex zoning. Where lot widths and setbacks are in context with existing single-family developments, the RP-1N district may be considered within areas shown as Low-Density Residential on the Comprehensive Plan as a buffer between uses of different intensities or where development constraints such as access, topography, drainage issues and infrastructure availability warrant design flexibility.

(History: Ord. ZRR-2848 §6, 2010; ZRR-2507 §3, 2004)

18.195.040 Parking regulations

Two off-street parking spaces shall be provided for each single-family dwelling, at least one of which shall be in a garage or carport. See Chapter 18.430 for additional parking requirements. (History: Ord. ZRR-2507 §3, 2004)

18.195.050 Plan approval

In consideration of rezoning to RP-1N, preliminary development plans shall be submitted in accordance with Section 18.140.190. Final development plans shall be submitted for approval in accordance with Section 18.140.210.

(History: Ord. ZRR-2507 §3, 2004)

18.195.060 Development and performance standards

- A. District size - All parcels hereafter zoned RP-1N shall contain a minimum of 1 acre of land area; provided that the Planning Commission and Governing Body may waive this requirement if the proposed tract abuts an existing RP-1N development and the proposed tract will enable a compatible extension of the existing development.
- B. See Section 18.180.070, which is incorporated herein by reference.
- C. Zero lot line subdivisions shall be permitted in the RP-1N District. No windows or doors shall be located on the zero lot line side of the structure.
