DETERMINATION TABLE (CONTINUED)

SUPERSEDES PREVIOUS DETERMINATION

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). The subject property is correctly shown outside the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. If the policy has been written using an incorrect zone, it can be endorsed to correct the zone for the current policy year and one prior policy term. Please contact the insurance agent or company involved to request endorsement of the policy. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, 12101 Indian Creek Court, Beltsville, MD 20705. Additional information about the NFIP is available on our web site at <http://www.fema.gov/nfip/>.

LEGAL PROPERTY DESCRIPTION                      SUPERSEDES PREVIOUS DETERMINATION  
FILL RECOMMENDATION  
PORTIONS REMAIN IN THE SFHA

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Revision based on Fill for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the described portion(s) of the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document revises the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. #### LEGAL PROPERTY DESCRIPTION (CONTINUED)

##### Unplatted Area:

Commencing at the Southwest Corner of the Southwest Quarter of said Section 16, thence N87°28'37"E, along the South line of said Southwest Quarter, a distance of 998.73 feet; thence N24°23'26"W, a distance of 45.26 feet, the most southwesterly corner of Lot 76, Block 1, Wilderness Valley 3rd Plat, said point being the POINT OF BEGINNING; thence S87°28'37"W, a distance of 636.28 feet; thence N48°07'24"E, a distance of 260.21 feet; thence N64°36'28"E, a distance of 309.25 feet, to the most northwesterly corner of Lot 75, Block 1, Wilderness Valley 3rd Plat; thence S23°30'41"E, along the most westerly line of said Lot 75, a distance of 119.20 feet, to the most southwesterly corner of said Lot 75; thence S17°50'48"E, a distance of 50.00 feet; thence along a curve to the left, having a radius of 300.00 feet, a central angle of 07°46'33," and whose initial tangent bearing is N72°09'12"E, a distance of 40.71 feet, to the most northwesterly corner of said Lot 76; thence S24°23'26"E, along the most westerly line of said Lot 76, a distance of 149.83 feet, to the POINT OF BEGINNING, containing 101,463 square feet, more or less.

#### FILL RECOMMENDATION (This Additional Consideration applies to the preceding 1 Property.)

The minimum NFIP criteria for removal of the subject area based on fill have been met for this request and the community in which the property is located has certified that the area and any subsequent structure(s) built on the filled area are reasonably safe from flooding. FEMA's Technical Bulletin 10-01 provides guidance for the construction of buildings on land elevated above the base flood elevation through the placement of fill. A copy of Technical Bulletin 10-01 can be obtained by calling the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or from our web site at <http://www.fema.gov/mit/tb1001.pdf>. Although the minimum NFIP standards no longer apply to this area, some communities may have floodplain management regulations that are more restrictive and may continue to enforce some or all of their requirements in areas outside the Special Flood Hazard Area.

#### PORTIONS OF THE PROPERTY REMAIN IN THE SFHA (This Additional Consideration applies to the preceding 1 Property.)

This Determination Document has removed the subject of the determination from the Special Flood Hazard Area (SFHA). However, portions of the property may remain in the SFHA. Therefore, any future construction or substantial improvement on the property remains subject to Federal, State/Commonwealth, and local regulations for floodplain management.

#### SUPERSEDES OUR PREVIOUS DETERMINATION (This additional consideration applies to all properties in the LOMR-F DETERMINATION DOCUMENT (REMOVAL))

This Determination Document supersedes our previous determination dated 04/23/2003, for the subject property.
