DIVISION:	Public Works Maintenance	DATE:	3/25/12
REPORTS TO:	Manager, Maintenance Operations	FLSA STATUS:	EX
FULL-TIME: <u>XX</u>	PART-TIME: _____	TEMPORARY: _____	COST CENTER: 330

REPLACES: Superintendent, Public Works - Operations

DATE: 11/21/05

JOB SUMMARY STATEMENT:

Leads and manages all Public Works Maintenance Operations. Schedules and coordinates a wide variety of public works field maintenance and repair work including operation and maintenance of City-owned traffic signal, street lighting and traffic signing and marking activities; asphalt repairs; bridge, sidewalk, curb and storm sewer maintenance; snow removal; road construction; and general right-of-way maintenance. Provides management oversight to the Department's fleet/equipment maintenance program. Acts as the Division Manager in his absence.

DUTIES AND RESPONSIBILITIES:

1. Leads and manages all day-to-day infrastructure maintenance operations. Coordinates activities with the other work district and other city departments. Implements the goals, objectives, policies, procedures and priorities of the division and department. Resolves work problems and interprets administrative policies to subordinates. Provides direction for accomplishment of duties and activities and follows through on staff completion.
2. Provides management oversight to the Department's fleet/equipment maintenance program which serves over 190 vehicles and operating equipment. Responsible for the execution of all fleet/equipment maintenance activities within the Division. Establishes performance measurements for the program. Provides direction and guidance for equipment maintenance repair parts room operation, purchases and inventory. Ensures cyclic inventories and yearly audits are conducted.
3. Directs field operations during major emergencies such as storms, floods, and other natural disasters.
4. Oversees all field operation and fleet maintenance employees. Interviews, hires, trains and supervises subordinates. Reviews performance and counsels employees on performance-related issues as required. Recommends merit adjustments, bonuses, promotions, reclassifications, intra-division transfers, and all disciplinary actions.
5. Implements snow removal plan for the Division. Supervises shop and field operations. Checks snow removal plan effectiveness through inspections of streets. Maintains positive relations with the news media during snow removal operations.
6. Develops schedule of field operations such as crack seal, asphalt patching, concrete ditch liner repair, sidewalk repair and replacement, installation of large diameter crossroad pipe, mudjacking of sidewalks, general roadside ditch maintenance including installation of new driveway culverts. Inspects work in progress by visiting site, walking around site, and observing work in progress. Makes suggestions and offers instructions to workers. Approves the use of special equipment for various projects. Decides on work to be performed in-house or by contract. Reviews new methods of repair for possible adoption by department.
7. Plans, organizes, directs, and supervises operation & maintenance of traffic signal systems and street light systems. Oversees general installation and maintenance of traffic control and street name signs and pavement markings. Daily review of reported problems, work orders, and requests. Assigns work to subordinates and coordinates activities/projects with other units, utilities, contractors, etc. Visual and physical inspection of work in-progress and completed.
8. Prioritizes and schedules work projects. Determines labor force, materials, and equipment requirements required for maintenance and construction projects. Meets with residents and engineering staff during performance of projects.

9. Receives and processes citizen complaints, comments, and questions. Contacts other divisions and departments of complaints regarding their service areas. Investigates citizen complaints by visiting site in question and evaluates and prioritizes work to be performed. Contacts citizen by phone or in person with a response to complaint.
10. Promotes and insures work is done safely for workers, motorists, and pedestrians. Instructs crews as to proper traffic control area, signing, barricading, safety equipment, and procedures. Periodically checks work sites to insure safety procedures are being followed. Updates safety rules and regulations and standard operating procedures as required. Reviews accident reports and directly investigates major incidents.
11. Assists with specification design of construction projects by contract forces. Gathers information regarding project requirements and specifications. Reviews submitted bids and makes recommendations for retaining contractor. Coordinates construction activities with contractor. Oversees project construction by site visits and working with contractors.
12. Prepares reports, project performance analysis, and performance measurements. Ensures that proper data is gathered, recorded, and tracked for all maintenance activities within the Division.
13. Supervises special projects performed by City workers by reviewing blueprints; determining material, equipment, and labor needs; procuring equipment, materials, and supplies; determining sequence of construction and monitoring construction. Supervises and directs the work of employees through inspections.
14. Directs division activities in absence of division manager. Attends various staff meetings. Makes other work-related decisions as required.
15. Coordinates and administers selection, procurement, payment and storage and disbursement of materials, supplies and equipment. Reviews with appropriate staff inventory levels, usage patterns, purchasing, accounting, and problem resolution. Advises and instructs on amounts and items to be purchased. Approves orders.
16. Oversees preparation and retention of maintenance records through an automated work management system. Reviews work reports and prepares special reports; develops systems for ensuring accurate record keeping of all maintenance activities.
17. Oversees use and maintenance of shop area, office, and yard facilities. Inspects existing facilities to ensure safe and healthy work environment.
18. Assists Manager with preparation and administration of budgets, major programs and special projects. Recommends allocation of fiscal resources.
19. Represents the Division and the City of Overland Park at various professional organizations and public service steering and planning committees.
20. The employee must work the days and hours necessary to perform all assigned responsibilities and tasks. Must be available (especially during regular business hours or shifts) to communicate with subordinates, supervisors, customers, vendors and any other persons or organization with whom interaction is required to accomplish work and employer goals.
21. The employee must be punctual and timely in meeting all requirements of performance, including, but not limited to, attendance standards and work deadlines; beginning and ending assignments on time; and scheduled work breaks, where applicable.
