

Scavenger Hunt....

Find These Items:

- *A compound leaf*
- *Algae*
- *Lichens*
- *Moss*
- *A leaf or flower bud*
- *3 different types of seeds*
- *Something that contains chlorophyll*
- *A leaf node or a leaf scar*
- *Humus*
- **Use sightings or signs to identify (1) herbivore that lives in the arboretum**
- **Identify rocks which show signs of being changed by water**

Use these clues to identify the following:

- * Winter, spring, summer, fall
My leaves are green throughout them all*
- * You can look, but you won't see
An oak tree hides inside of me*
- **Put some distance between you and your friends (arm's length is good). Remain silent for five minutes. Count how many different bird calls you can hear; Can you describe them?*
