

# Weekend Inspection Services for Public Improvement Projects

PDS

Engineering Services Division

ES Policy # 1-04

It is Engineering Services' policy for privately funded projects that weekend inspection services be made available based on the following:

## Notification

The contractor notifies the project inspector before noon Thursday of the intent to work on the weekend. The notification includes the project name, project location, item of work, and the day & time work will begin.

## Cancellation/Change in Plans

In the event of rain, cancellation or any change of plans, the contractor is responsible for notifying the project inspector as soon as possible.

## Weekend Inspection not available for:

- Holidays (negotiable through discussion with inspection supervisor)
- Saturdays following a Friday holiday or prior to a Monday holiday
- Form Inspections for residential sidewalk and drive approaches
- Sundays may be negotiable if unusual circumstances warrant the activity

## ES Inspection Staff

<u>Inspector</u>	<u>Office</u>	<u>Cell</u>
